

THE MINT
SAN FRANCISCO

A NON PLUS ULTRA VENUE

Create Your Celebration At The Mint
The Iconic San Francisco Wedding Venue

+ THE PLUS FACTOR

You'll find us opposite the humdrum hotel ballroom and event center.

Our venues are architectural, and often historic, showpieces that over the years have acquired a distinct patina of revelry. Edges are worn and frayed from effervescent laughter, and floors are weathered from dancing shoes and splashes of champagne.

Events in our spaces hold magic on their own, and through the dedication of Non Plus Ultra to total client happiness, we strive to make your experience with us as memorable as your celebration.

Truly San Francisco

Rich in history and aesthetics, this Greek Revival masterpiece accommodates everything from intimate ceremonies to grand celebrations, **all in the heart of San Francisco.**

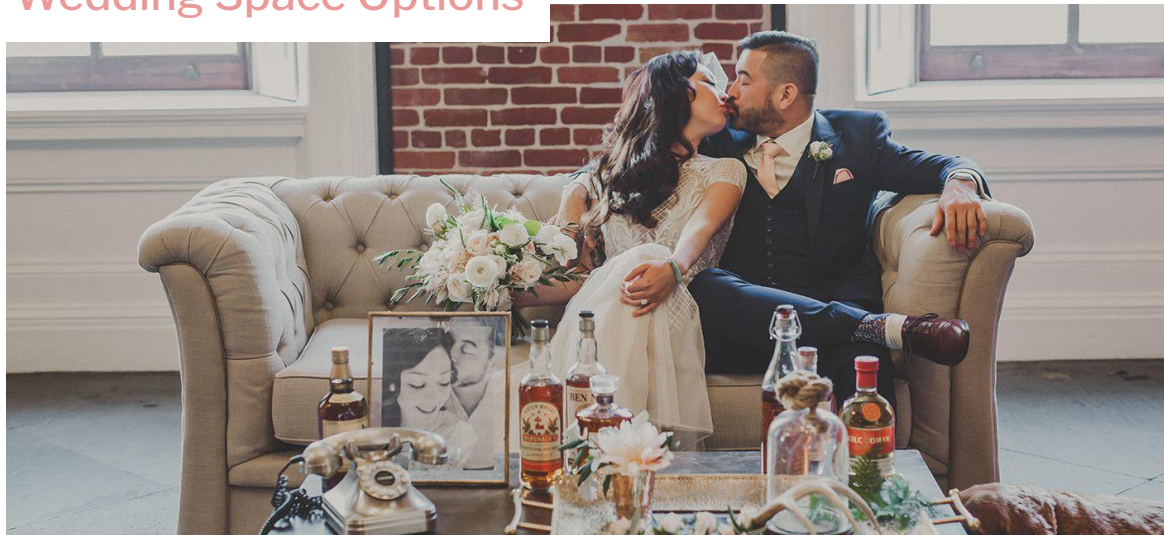

The Mint has been renovated to accommodate modern functions without losing any of its historical grandeur. With grand ballrooms, gold vaults, and original chandeliers, **the ambiance guarantees a truly unique and intimate once-in-a-lifetime moment.**

Only a limited number of dates are available for weddings. **Make your wedding day as memorable as you.**
